

ASD-51W (Wireless) / ASD-51N (Wired)

Control Dock for iPod®

DENON

The same music, at the same time throughout your place

When you connect an ASD-51W/N to your receiver, not only does the music from your iPod sound better, you can also use the ASD-51W to wirelessly connect - or the ASD-51N to wire-connect - the receiver to a PC via a router or other network device to play music from your PC on your home audio system. The ASD-51W/N also support Party Mode, a feature that lets you enjoy the same music in each room at the same time.

ASD-51W
